Dear Fellow Rural Carriers,

It is that time of year for the Combined Federal Campaign. This year I am asking you to consider making a much needed contribution to the CFC. We, as rural carriers, have always contributed more than just the delivery of mail to our customers. We have been historically generous with our time and resources to the communities we live in.

Once again we have the opportunity to make a difference. Times are difficult this year and more than ever the non-profit community services need our help. Through contributions to the Combined Federal Campaign (CFC) we can help support vital community services where we live and work.

The CFC enables postal employees to direct their contributions to the specific non-profits that are doing good things in your neighborhood. Donor choice allows us to help the charity we know and care about.

Please participate in the 2008 Combined Federal Campaign. With contributions of any level you can continue in support of high-quality human services in your own community. Please give, if you are able, to help those less fortunate than yourself.

Sincerely,

Patricia J D'Haem
President, FLRLCA
